ANY FISH YET?

Bald Eagle

Our bald eagle "friend" anxiously awaits a long-awaited treat from these Worthley Pond ice fishermen (fisherpersons??). Many thanks to Andy Clement for capturing this pic and sharing it with the rest of the Worthley Pond family!!

WHO ARE OUR PARTNERS?

[Maine Lakes](#) is the second of three non-profits that the Worthley Pond Association partners with in an effort to protect and preserve the beauty and health of Worthley Pond. Their e-newsletters and their bi-annual newsletters include a wealth of information to help all of us to better understand how we can be successful lake stewards. Click [here](#) to receive these newsletters directly from Maine Lakes.

One of the [Maine Lakes](#) programs that the WPA utilizes is [LakeSmart](#). Worthley Pond has 56 properties that are LakeSmart Certified. This spring, the WPA will be hosting a LakeSmart Day for all who are eager to learn more about LakeSmart. Additional details about this event will be published as they become available. In the meantime, for more information about [LakeSmart at Worthley Pond](#), please contact [Dave Clement](#) (207-474-3964).

FIRE AT PERU TOWN GARAGE BY BRAD HUTCHINGS

On January 26th at 11:30 pm, the Peru Road Department garage and all plow trucks, tools, and supplies were destroyed by fire. Currently, the Road Department is working out of the Town Office on Main Street and has borrowed one truck to assist with sanding/salting and plowing. If you live at or plan to visit the pond, please be patient while the Town of Peru creates a plan for replacing these important town assets. Right now, all services will be handled by priority. Questions, comments please feel free to email [Brad Hutchings](#), the Peru Road Commissioner, or call his cell 603-817-6807 or home 207-562-2005 phone.
