

TOWN OF PERU

ANNUAL REPORT

Fiscal Year July 1st, 2021 through June 30th, 2022

1821 - 2021

This report is dedicated to Marlin Thurston.

Marlin is currently the oldest citizen of Peru and was awarded the "Golden Cane" in 2020.

He was the Grand Marshall of Peru's Bicentennial parade on October 02, 2021.

Marlin served in the military during WWII. He was stationed in the Philippines.

He is known to many in Peru, and surrounding towns, for operating a milking operation at the Thurston Farm for many years. Many of us have memories of visiting the farm to pick up our weekly milk supply. Although the milking operation has ceased, the farm continues under the care of his children, grandchildren, and great grandchildren. They provide the area with fresh vegetables, maple syrup, etc.

Marlin is especially proud of the family's dedication to the preservation of trees. They have maintained a tree farm for many years and are now recognized by the University of Maine for the Thurston Family Forest.

Thank you, Marlin, for your contributions to the Town of Peru and your country.

TABLE OF CONTENTS

Town Officers	1-2
Accounts Expenditures	3-11
Town Clerk Report	12

Report of Town Assessor

Greetings Taxpayers of Peru,

It has been my pleasure to serve as the Assessing Agent for Peru since late in July of 2019. I cannot believe it is now 2023 and the Town is in preparation for the next tax commitment.

This past year there have been numerous deed transfers. The real estate market continues to be healthy with both an adequate volume of sales, and healthy appreciation of selling prices. There have also been a healthy amount of taxpayer inquiries related to current use taxation programs, as well as the BETE, and BETR personal property tax programs.

Lastly, I want to thank you, the taxpayers of Peru for welcoming me, and being so cooperative as I have been out in the Town of Peru completing field inspections. My line of work can sometimes be contentious, but not a single taxpayer in Peru was anything but kind and welcoming. I am thankful to each one I had the pleasure of interacting with for this warm welcome.

I look forward to continuing my service with the Town of Peru in the coming year.

Warmest Regards,

Lee-Ann Salley

Assessing Agent-Town of Peru

Report of Town Assessors
2021/2022 Valuation and Assessment

Real Estate Valuation:

Land	64,375,409.00
Buildings	57,860,634.00
Total Taxable Real Estate Valuation	122,236,043.00

Personal Property Valuation:

	1,071,371.00
Total Valuation	123,307,414.00

Total Property Exemptions:

Veterans/V.Widow/Blind	464,000.00
Homestead	11,844,480.00

APPROPRIATIONS:

Municipal Appropriations	1,215,610.70
School Appropriation	1,830,992.71
County Tax	151,409.00
Overlay	127,607.21
Total Requirements	3,325,619.62

REDUCTION TO COMMITMENT:

Municipal Revenue Sharing	190,895.17
Homestead Reimbursement	166,900.57
From Excise Tax	300,000.00

BETE Reimbursement	35,645.64
Other Revenues	50,000.00
Total Reductions	943,441.38

COMMITTED TO TAX COLLECTOR: 2,382,178.24

TAX RATE PER \$1,000.00 = 20.25

LAND CLASSIFIED UNDER MAINE'S TREE GROWTH LAW:

Softwood (1,275 acres)	298,350.00
Mixed Wood (4,689 acres)	1,312,920.00
Hardwood (9,027.75 acres)	2,645,130.75
Total Tree Growth	4,256,400.75

On July 13, 2021, the town office re-opened to the public, having conducted business through a service window since mid-March, 2020, due to the covid pandemic.

August 2021: a.) The mil rate was set at 20.13 with overlay of \$127,000.
b.) 75 tax liens were filed for 2020.
c.) Trask Mountain Road was approved by the board as a new road.
d.) Peru received \$128,904 in American Recovery Plan Act pandemic funds, the first of two installments from the federal government.

Kingston Brown of Greenwood was hired September 20 as CEO (shoreland zoning).

October 2, 2021, the town celebrated its 200th birthday with a parade and gathering at the town office campus. A time capsule buried 50 years ago was unearthed and opened.

October 4, 2021, the board hired David Douglass of As Remembered, LLC, Topsham, to commence cleaning the more than 600 veterans' stones in Peru.

State of Maine Public Law 202, c. 275, states that effective October 18, 2021, the term "select board" will replace "selectmen".

November 29, 2021: Fire chief Bill Hussey is 2021 Spirit of America award recipient.

December 2021: Worthley Pond fire station got a new 18kw generator, which cost \$7200.

January 3, 2022: Northern Oxford Regional Solid Waste car window stickers are valid now for five years, instead of three years. These are available at the town office.

March 2022: a.) On March 18, Demeritt Cemetery Association voted to dissolve.
b.) On March 28, Robert Briggs of Mexico was appointed the new ACO.
c.) On March 28, board secretary Brianne Scott resigned.

April 2022: a.) Marley Berry, seventh grader at Dirigo Middle School, was named one of three winners of a state-wide essay contest on community involvement, and was honored in person at a select board meeting.
b.) A special town meeting on April 14 approved spending up to \$20,000 from surplus for a repeater, to improve radio signals within town.
c.) A new oil tank was installed April 21 at the town garage. Cost: \$3500.

May 23, 2022: Jessica Carrier was hired as board secretary.

June 2022: a.) A well-attended candidates night was held June 6 prior to the 2022-23 town budget informational meeting.
b.) On June 13, dozens of folks from area towns attended Chief Bill Hussey's retirement party at the Peru town office, to honor his 35 years with the fire department.
c.) On June 14, the town voted to accept responsibility for Demeritt cemetery, and to spend \$150,000 of the \$160,00 in ARPA funds toward a fire truck.

Select board: Gail Belyea, Jason Dolloff, Vice Chair Lynda Hebert, Chair Tammy Agoston, Raquel Welch (resigned September 2021).

Report of the Peru Fire Department:

The Peru Fire Department responded to 109 calls for assistance in 2021. The reporting period is from January 1, 2021 to 12/31/21 as is required by the Maine State Fire Marshall's Office.

Call Breakdown is as follows:

Med Care Assists: (1) Wildland Fires: (1) Chimney Fires: (1) Vehicle Fires: (4)

False Alarms: (8) Utility Lines Down: (10) Trees on Wires: (9) Fuel Spills: (1)

Public Assists: (21) Carbon Monoxide Calls: (4) Motor Vehicle Accidents: (24)

Mutual Aid Calls for Assistance: (25) Structure Fires: (1)

Covid 19 continues to hamper attempts to provide Fire Prevention at Dirigo Elementary School. Covid precautions are practiced at all responses, trainings and meetings.

Annual pump testing is done in late October by a third party vendor at a local water supply. Very happy to report that all truck mounted pumps passed the required National Fire Protection Agency testing.

Training has become difficult due to Covid restrictions, but with some thinking outside the box ideas, we have completed the basic required safety training. Many of our mutual aid partners have not set up the normal firefighter training modules that our members usually attend.

Applying for Federal, State and local grant opportunities is on going to provide Safety gear and equipment. The Oxford Regional Communications Center is updating the communication grid for the first responders. This may require the Town to install radio repeaters as the responders will need the Peru local frequency to communicate with our mutual aid providers. The Road Department will use the Peru Frequency as well for their communication.

I am planning to retire as Fire Chief in June 2022, after 35 years of service. I feel it is time to step down and let the next generation provide the leadership needed to accommodate the ever changing needs of the town. It has been an honor to have served the people of Peru and I will look back on those many years with pride and of the accomplishments the team has completed.

We are looking for new members to join the rewarding career as a firefighter and helping your fellow citizens.

Respectfully submitted,

William E. Hussey. Fire Chief/EMA Director

ANNUAL REPORT – ROAD DEPARTMENT 2022

The Road Department continues to deal with some of the bigger projects in town. The failing 6-foot dual culverts on Packard Road were replaced this year with the assistance of a secured grant the Road Department received. The grant for \$76,180 helped to complete the project with the additional funds coming from LRAP funds held in reserve and some budget funds. The hill on Mineral Springs Road was paved this fall from Spear Stream to the top which improves the much-needed restoration of the roadway. Numerous rotting metal culverts were replaced this year on the dirt section of Dickvale Road along with extensive brush and tree removal, ditching and the addition of several hundred yards of crushed gravel. Culverts were also replaced on Hammond Hill Road, replacing failing metal culvert. Work has started on Tower Road where ditching and tree/brush removal is desperately needed.

Spring this year was unusual and expensive due to weather conditions and frost coming out very quickly. Parts of Hammond Hill Road, Dickvale Road and Burbank took extensive work and materials to get traffic flowing again. Hammond Hill was basically closed completely for 2 days and then several more before it was open for emergency traffic and essential services.

Fuel prices raised a lot of concern and costs for the Road Department this year. Cost of Winter Sand increased by \$3 a yard and Salt by \$29 a ton, none of which was budgeted for or could have been predicted. An unfortunate problem for budgets made with no availability for unforeseen issues and increases.

In the spring the Town office will be paved along with a topcoat of pavement for Main Street as far as \$50,000 will take us as approved by the voters. This topcoat project is the start of covering our newer paved roads with a protective top layer for longer lasting life. These areas could not be paved before the Fall deadline and prices were held until this spring.

The Road Department will be placing a Warrant Article in for a new 6-wheel Dump Truck with front plow and wing to replace the 2005 International as a front-line truck. The truck is 18 years old and though in pretty good shape for its age it will take most likely a year or so to have a replacement built and in service. We also plan on keeping the 2005 as a spare truck due to the amount of issues newer vehicles have with parts availability for chips, sensors, def fluid issues, parts, recalls etc. The 2005 has minimal electronics involved with its operation.

The Road Department appreciates the support received from the residents of the Town. We take a lot of pride and commitment to do the best job we can with what we can afford to do and strive to make the roads better.

Brad Hutchings
Road Commissioner
Garage 562-4657

2021-2022 Permits

Alan Elliott	9-31	3984 sq ft home & garage

Northern Oxford Regional Solid Waste Board

Annual Report 2021

Revenues from recycling increased substantially in 2021, however tipping fees for disposal of solid waste also increased, making it necessary to raise appropriations to towns by 6%. We recycled 878 tons of materials compared to 1066 tons in 2020. Revenues from recycling brought in \$153,256 for our efforts. We processed a record total of 10,012 tons of municipal solid waste from our six member towns. The cost for disposal (not including transportation) was \$603,750.

Remember, the more residents recycle, the more revenue we will receive.

Separating recyclables from your trash not only creates revenue, but decreases the cost of disposal. Most of the trash created by an average person is made up of 50% recyclables, yet only 9% is currently being recycled. In past years, our area has recycled nearly 15%. NoT sure why we are going backwards, but let's hope things improve in 2022.

Materials that are recyclable include aluminum and metal cans, newspaper, office paper, magazines, junk mail and any cardboard including paperboard such as cereal boxes, eggs cartons, shoe boxes, etc. Plastic recycling has been expanded to include all plastic containers, with the exception of plastic bags and Styrofoam. Glass in currently being collected, including glass containers, drinking glasses and cups, plates and baking dishes, etc.

We collected 90 units of household hazardous waste from area residents during the June 2021 collection. This amount was an increase from previous collections. Look for information in local papers about the 2022 collection scheduled for August 6 at Region 9. If you happen to miss this collection, there will be other alternatives available to dispose of these materials in neighboring towns.

Bring paint and paint products anytime to the Recycling/Transfer Station. In addition, many garages will take your used motor oil.

Universal waste such as fluorescent lamps, thermometers, mercury switches, TVs, computer monitors and towers, etc. must also be separated from the waste stream. These items should be brought to the Recycling/Transfer Station.

Bins are also available to collect textiles, including clothing, shoes, handbags, bedding, towels, etc. Bins are located at the Recycling/Transfer Station, the Dixfield Laundromat, and the Marden's Shopping Center. In 2021 more than 58.7 tons were collected locally through this program.

For more information on recycling, food waste collection and household hazardous waste, contact the Regional Solid Waste and Recycling facility at 364-3645.

Respectfully Submitted, Northern Oxford Regional Solid Waste Board

OXFORD COUNTY SHERIFF'S OFFICE

Christopher R. Wainwright

Sheriff

Christopher Wainwright

Chief Deputy

James Urquhart

OXFORD COUNTY SHERIFF'S OFFICE

2022 Annual Town Report

Dear Neighbors, Residents, and Taxpayers,

As I enter my fifth year as Sheriff, I am extremely proud of the work our office has accomplished throughout our western Maine communities, and I am motivated about the momentum our office has heading into the New Year. This would not be possible without the dedicated team of men and women who have continued to serve our mission and protect our communities, with professionalism, integrity, and leadership. It is their work that keeps our agency moving forward.

As I have mentioned in previous years, our calls to service have continued to increase in volume as well as their complexity. Our patrol division handled nearly 14,000 calls to service this past year, with more calls regarding mental health concerns since 2020. This speaks to the need for state funding for services for our communities and our sheriff's departments throughout the state, to keep individuals needing help, and others around them, safe.

We have continued to improve our visibility and response times by utilizing our substations in Dixfield, Brownfield, Rumford, and Bethel. As promised, over this past year, our office successfully completed the plans to convert the jail facilities from a 72-hour holding facility back to a full-service operation. The jail received its full accreditation this past October, and with this accomplishment completed, this improvement has restored local control and has already saved taxpayers money. In 2022, our corrections officers and jail administrators processed 1,795 bookings.

We have continued our efforts to combat the opioid epidemic in Oxford County by supporting local organizations such as the Western Maine Addiction Recovery Initiative by referring eligible individuals, afflicted by substance use disorder, to Project Save ME. The program is a police-assisted initiative designed to connect those burdened by substance use disorder with recovery coaches, advocates, and other treatment services to assist them with their recovery journey.

On behalf of the deputies, correctional officers, and support staff, I want to thank and acknowledge the continued community support we have received. Our deputies and staff have gone above the call to service, and I am happy to hear and see that their work has not gone unnoticed.

As an agency, we have great opportunities ahead of us. I look forward to the work we will accomplish in the coming year. If you have any questions or concerns, please do not hesitate to contact me at 207-743-9554 or follow us on Facebook: Oxford County Sheriff's Office.

I wish you all a safe and healthy year ahead.

Respectfully,

January 2023

Dear Friends and Neighbors,

We are just beginning the first year of the 131st Legislative session, where I would first like to thank the residents of Peru for giving me the opportunity to serve as your State Representative.

As an avid outdoor person, I am very excited as my first committee appointment is on the Joint Standing Committee of the Environment and Natural Resources. I am very concerned for our the rural maine communities and believe in a common sense and grassroots approach to solving problems. Please reach out to my office with issues concerning any state agencies and we will do our best to assist.

I encourage you to participate in your local governments and school board. Phone calls and letters are always welcome; and due to the wider use of technology, meetings and hearings are even more accessible. Using the homepage of the Maine Legislature: **Legislature.Maine.Gov**, you will find access to Committee Hearings via Zoom, where you can observe or testify for or against a bill from the comfort of your home. I will be sending a weekly email newsletter with current state news. If you wish to receive these updates, please contact me at Tammy.Schmiersal-Burgess@legislature.maine.gov, and we will gladly add you to our list.

Again, thank you for giving me the honor of serving you at the State House and may you all have a safe and healthy 2023.

Sincerely,

A handwritten signature in blue ink that reads "Tammy Schmiersal-Burgess".

Tammy Schmiersal-Burgess
State Representative

Jared Golden
Congress of the United States
2nd District of Maine

Dear Friends,

I hope this letter finds you safe and well. It remains a privilege to represent you in Congress, and I appreciate the opportunity to update you on what I have been working on for the people of the Second Congressional District.

This year, our small businesses, workers and families, hospitals, states, and towns continued to face challenges related to the coronavirus pandemic. COVID-19 has been a serious threat to public health and our economy that requires a comprehensive, ongoing response. While we are not yet out of the woods, there is a light at the end of the tunnel. Still, I know there are many Mainers who will continue to need assistance getting through this pandemic. I am committed to making sure our communities' most urgent needs are met to get our economy back on track.

One thing I am particularly proud of this year is that Democrats, Republicans, and the Biden Administration worked together to pass the bipartisan *Infrastructure Investment and Jobs Act*, which will make a once-in-a-generation investment in our nation's infrastructure and support Maine jobs. This bill will bring \$1.3 billion to Maine for highways and \$225 million for bridge replacement and repairs, as well as \$234 million to improve public transportation options. It will also allocate over \$100 million to help provide broadband access to the 42,000 Mainers currently without it and make 310,000 Mainers eligible for the Affordable Connectivity Benefit to help families pay for internet access. Crucially, it will also provide Maine with \$390 million to combat Maine's historically high rates of lead poisoning by replacing lead pipes and allowing Maine families access to clean drinking water.

Another one of my priorities in Congress is protecting Maine jobs. For one, shipbuilders at Bath Iron Works are a vital part of our economy, and the ships they build are critical to our national security. Throughout 2021, I led the Maine congressional delegation in pushing back against the Biden Administration's proposed decrease in DDG-51 shipbuilding, a proposal that would have had serious consequences for the shipbuilding workforce at BIW, one of the two shipyards that produces these destroyers, and American naval capabilities around the world. We fought successfully to include authorization for construction of three new DDG-51 destroyers in the final National Defense Authorization Act. I will continue to work hard with my colleagues on the House Armed Services Committee to ensure that we protect our national security and shipbuilding jobs in Maine.

My most meaningful work in Congress continues to be providing direct assistance to Mainers. My staff and I stand ready to serve you. If you are looking for assistance with a federal agency, help for your small business, or want to keep me informed about the issues that matter to you, please reach out to one of my offices below:

- **Caribou Office:** 7 Hatch Drive, Suite 230, Caribou ME 04736. Phone: (207) 492-6009
- **Bangor Office:** 6 State Street, Bangor ME 04401. Phone: (207) 249-7400
- **Lewiston Office:** 179 Lisbon Street, Lewiston ME 04240. Phone: (207) 241-6767

I am especially glad to share that my wife Izzy and I were pleased to welcome our daughter, Rosemary, into the world this year. Mom and baby are happy and healthy, and we're so thankful for this blessing. We look forward to showing her the beauty of Maine in the months and years ahead.

Sincerely,

Jared F. Golden
Member of Congress

HEALTH, EDUCATION,
LABOR AND PENSIONS
SELECT COMMITTEE
ON INTELLIGENCE
SPECIAL COMMITTEE
ON AGING

Dear Friends:

It is an honor to represent Maine in the U.S. Senate. I am grateful for the trust that Mainers have placed in me and welcome this opportunity to share some key accomplishments for our state.

Last year, I secured more than \$500 million for 285 projects from Aroostook County to York County that will promote job creation, workforce training, and economic development; expand access to health care; improve public safety, infrastructure, and community resources; and protect our environment. To address the crisis of soaring inflation and high energy prices, I led efforts to provide \$2 billion in supplemental funds to the Low-Income Home Energy Assistance Program. In the new Congress that begins in 2023, I expect to be the Vice Chairman of the Appropriations Committee and will continue to champion investments to support Maine's communities and families.

Strengthening our economy and supporting good jobs remain a top priority. Along with the Governor and the rest of the Maine Delegation and the associations representing the lobster industry, I worked to protect our hardworking lobstermen and women by pausing for six years the onerous federal regulations that jeopardize our lobster fishery's very existence. Another ongoing threat to Maine's small businesses is the shortage of workers. That's why I led an effort to push the Administration to nearly double the number of H-2B visas that are critical to our hospitality industry. Additionally, when the Administration proposed to cut the construction of a destroyer to be built by Bath Iron Works, I restored this funding to protect Maine jobs and our national security.

When Maine Veterans' Homes announced last year that it planned to close its facilities in Caribou and Machias, I opposed that decision which would have had such a devastating effect on rural veterans and their families. I am glad that the decision was reversed, and I have secured \$3 million to help with upgrades to these facilities. My *AUTO for Vets Act* also became law, which will help disabled veterans maintain their independence by supporting the purchase of a new adaptive vehicle once a decade.

This past year, Congress demonstrated how effective it can be on behalf of the American people when both parties work together. A few of the bipartisan achievements that I was involved in include the *Respect for Marriage Act*, which will provide certainty to millions of loving couples in same-sex marriages while protecting religious liberties, and the *Electoral Count Reform Act*, which establishes clear guidelines for our system of certifying and counting electoral votes for President and Vice President.

No one works harder than the people of Maine, and I have honored that work ethic by showing up for every vote. During my Senate service, I have cast more than 8,500 consecutive votes, never having missed one. I remain committed to doing all that I can to address your community's concerns in 2023. If I may be of assistance to you in any way, I encourage you to contact one of my six state offices.

Sincerely,

Susan M. Collins
United States Senator

STATE OF MAINE
OFFICE OF THE GOVERNOR
1 STATE HOUSE STATION
AUGUSTA, MAINE
04333-0001

Dear Friends:

For four years it has been my privilege to guide our great state, working with the Legislature to keep Maine people safe and put our economy on a path to recovery.

Since the arrival of the COVID-19 vaccines in December 2020, we have worked hard to get as many shots into the arms of Maine people as quickly as possible. Since the COVID-19 vaccine became available, more than a million Maine people have gotten fully vaccinated from COVID-19. It is thanks to them that our state has one of highest vaccination rates and one of the lowest death rates from COVID-19, despite having a much older population than other states. People are coming to Maine because we are one of the safest states in the nation.

Following the recommendations of the Economic Recovery Committee, our economy has not only fully recovered, but has surpassed pre-pandemic projections and unemployment claims have dropped to pre-pandemic levels. And, last year, I was pleased to sign a balanced, bipartisan budget that finally achieves the State's commitment to 55 percent education funding, fully restores revenue sharing, and expands property tax relief for Maine residents.

Maine can be proud of our nation-leading progress, but our work is far from done. Through the Maine Jobs & Recovery Plan, we will continue to address our longstanding workforce shortage, the expansion of broadband, education and job training opportunities, housing, child care, and transportation. Drawing on the hard work and resilience of Maine people, together we will rebuild our economy and rise from this unprecedented challenge a state that is stronger than ever.

In 2022, we focused on our economy, on our climate, on our kids, on keeping people safe and on the health and welfare of all Maine people. We have persevered, and, while challenges remain, we will get through them together. I am proud of the people of Maine, and I am proud to be your Governor.

Thank you,

A handwritten signature in black ink, appearing to read "Janet T. Mills".

Select Board recommends Yes

Finance Committee recommends Yes

Article 36. To see if the Town will vote to raise and appropriate up to \$150,000.00 for a town-wide property re-evaluation.

Select Board recommends Yes

Finance Committee makes no recommendation

Article 37. To see if the Town will vote to raise and appropriate \$48,816.50 for the first of two payments on the 2021 International plow truck purchased in 2020.

Select Board recommends Yes

Finance Committee recommends Yes

Article 38. To see if the Town will vote to increase the property tax levy limit of \$239,592.00 established for the Town of Peru by State Law, in the event that the municipal budget approved under the preceding articles results in a tax commitment that is greater than this property tax levy limit.

Select Board recommends Yes

Finance Committee recommends No

Article 39. To see if the Town will vote to reduce the Finance Committee to 5 (five) members. Currently, there are 15 (fifteen) members.

Select Board recommends Yes

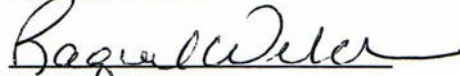

Finance Committee recommends No

Article 40. Shall the Town vote to authorize the Board of Selectmen to expend 100% of the amount appropriated in the last fiscal year (2020-21), if a proposed appropriation for the fiscal year 2021-22 in any budget category is not approved? *This provides default funding for an article failing to raise a dollar amount for a departmental budget line. It would also prevent voters from returning to the polls numerous times to get an approved amount on an article.*

Select Board recommends No

Finance Committee recommends Yes

TOWN OF PERU
County of Oxford, State of Maine
REFERENDUM BALLOT

For fiscal year July 1, 2022 – June 30, 2023

To: Debra M. Coudrain, a constable in the Town of Peru, Oxford County

Greetings: You are hereby notified that voting on the referendum warrant, articles 1 through 47 as set forth below, will be held at the Peru Town Office in Peru from 8 a.m. to 8 p.m. on Tuesday, June 14, 2022

Article 1. To see if the Town will vote to approve using the overlay account to cover abatements and refunds.

Select Board recommends Yes

Finance Committee recommends Yes

Article 2. To see if the Town will vote to raise and appropriate \$ 64,613.00 and to authorize the Select Board to expend any receipts for the maintenance and operations of the Fire Department. (2021/22 raised \$57,463.00)

Select Board recommends Yes

Finance Committee recommends Yes

Article 3. To see if the Town will vote to use \$4,349 from the Fire Department Capital Reserve Account for the 5% match of the Assistance to Firefighters Grant (\$91,320), for the replacement of Firefighter turn out safety gear. The current balance in that account is \$1,000. On July 1, 2022, \$4300 will lapse into the Fire Department Capital Reserve account from monies raised on the 2021-2022 budget.

Select Board recommends Yes

Finance Committee recommends Yes

Article 4. To see if the Town will vote to appropriate \$150,000 from Coronavirus Local Fiscal Recovery Funds (aka American Rescue Plan Act or ARPA funds) received by the Town from the federal government for the following project: Funding a portion of the \$300,000 cost of replacing the 1989 International Fire Truck.

Select Board recommends Yes

Finance Committee recommends Yes

Article 5. To see if the Town will vote to authorize the Selectboard to finance a sum, not to exceed \$150,000, up to a three-year period, as the remaining portion to replace Engine 12 (1989 International) when a suitable used truck is found and to raise and appropriate \$50,000 for the first payment.

The total cost of the truck is not to exceed \$300,000 with \$150,000 coming from the APRA money, if Article 4 is approved by voters. If a suitable truck is not found in this budget year hold the balance.

Select Board recommends Yes

Finance Committee recommends Yes

Article 6. To see if the Town will vote to authorize the Selectboard to sell the 1989 International fire truck with the proceeds being applied to the purchase of the fire truck.

Select Board recommends Yes

Finance Committee recommends Yes

Article 7. To see if the Town will vote to raise and appropriate \$2,000.00 and to authorize the Select Board to expend any receipts as needed for General Assistance. (2021/22 raised \$2,000.00)

Independent Auditors' Report

To the Select Board
Town of Peru
Peru, Maine

OPINIONS

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Town of Peru, Maine, as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the Town of Peru, Maine's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the Town of Peru, Maine, as of June 30, 2022, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

BASIS FOR OPINIONS

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Town of Peru, Maine, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

RESPONSIBILITIES OF MANAGEMENT FOR THE FINANCIAL STATEMENTS

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Town of Peru, Maine's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE FINANCIAL STATEMENTS

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in aggregate, they would influence the judgment made by a reasonable user based on financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

3

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Town of Peru, Maine's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Town of Peru, Maine's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

REQUIRED SUPPLEMENTARY INFORMATION

Management has omitted the management discussion and analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinions on the basic financial statements are not affected by this missing information.

Accounting principles generally accepted in the United States of America require that the schedule of changes in net OPEB liability and related ratios and the budgetary comparison schedule, on pages 25 and 26 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

SUPPLEMENTARY INFORMATION

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Town of Peru, Maine's basic financial statements. The schedule of property valuation, assessments, and appropriations and schedule of departmental operations are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and related directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of property valuation, assessments, and appropriations and schedule of departmental operations are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Town of Peru, Maine
 Reconciliation of the Statement of Revenues, Expenditures,
 and Changes in Fund Balances of Governmental Funds
 to the Statement of Activities
 For the Year Ended June 30, 2022

Net change in fund balances - total governmental funds (Stmt. 4)	\$	457,094
--	----	---------

Amounts reported for governmental activities in the Statement of Activities (Stmt. 2) are different due to the following items:

Depreciation expense recorded on Statement of Activities, yet not required to be recorded as expenditures on governmental funds		(318,194)
---	--	-----------

Capital outlays expensed on the Governmental Funds report (Stmt. 4), yet not considered an expense for the purposes of Statement of Activities (Stmt. 2)		228,531
--	--	---------

Disposal of capital assets - net of accumulated depreciation		-
--	--	---

Revenues in the Statement of Activities (Stmt. 2) that do not provide current financial resources are not reported as revenues in the funds. More specifically, this amount represents the change in deferred property taxes		(26,182)
--	--	----------

Repayment of debt principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the Statement of Net Position. More specifically, this represents the net amount of principal reduction in debt service made during the fiscal year.		79,465
--	--	--------

OPEB expenses under GASB #75 are not reported in the governmental fund statements		(979)
---	--	-------

Changes in net position of governmental activities (see Stmt. 2)	\$	419,735
---	-----------	----------------

**TOWN OF PERU, MAINE
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2022**

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Reporting Entity

The Town of Peru, Maine (the Town) was incorporated in 1821. The Town operates under a selectboard – treasurer – town meeting form of government and is incorporated under the laws of the State of Maine.

The accounting policies of the Town conform to U.S. generally accepted accounting principles (GAAP) as applicable to government units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles.

GASB Statement No. 34, *Basic Financial Statements – and Management’s Discussion and Analysis – For State and Local Governments*, and its amendments, established new financial reporting requirements for governments and caused the Town to restructure much of the information presented in the past. The more significant of the government’s accounting policies are described below.

The financial statements include those of the various departments governed by the Select Board and other officials with financial responsibility. The Town has no other separate organizational units, which meet criteria for inclusion in the financial statements as defined by GASB.

B. Basis of Presentation

The Town’s basic financial statements include both government-wide (reporting the Town as a whole) and fund financial statements (reporting the Town’s major funds). Both the government-wide and fund financial statements categorize primary activities as either governmental or business-type.

Government-Wide Financial Statements

The Government-wide financial statements consist of a Statement of Net Position and a Statement of Activities and reports information on all of the non-fiduciary activities of the Town as a whole.

The Statement of Net Position presents the financial condition of the governmental and business-type (if applicable) activities of the Town at year end. The Statement of Activities presents a comparison between direct expenses and program revenues for each program or function of the Town’s governmental and business-type (if applicable) activities. Direct expenses are those that are specifically associated with a service, program, or department and therefore clearly identifiable to a particular function. Program revenues include charges paid by the recipient of the goods or services offered by the program, grants, and contributions that are restricted to meeting the operational or capital requirements of a particular program and interest earned on grants that is required to be used to support a particular program. Revenues which are not classified as program revenues are presented as general revenues of the Town. The comparison of direct expenses with program revenues identifies the extent to which each governmental function is self-financing or draws from the general revenues of the Town.

**TOWN OF PERU, MAINE
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2022**

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

B. Basis of Presentation (Continued)

The Town has elected not to allocate indirect costs among programs. Program revenues include 1) charges to customers for services and 2) grants and contributions that are restricted to meeting operational or capital requirements of a particular function. Taxes and other items not properly included among program revenues are reported as general revenues.

Fund Financial Statements

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the Government-wide financial statements. The focus of governmental and proprietary fund financial statements is on major funds. Major individual governmental funds and major individual proprietary funds are reported as separate columns in the fund financial statements, with non-major funds being aggregated and displayed in a single column. The General Fund is always a major fund.

Because of the basis of accounting and reporting differences, summary reconciliations to the Government-wide financial statements are presented at the end of each applicable fund financial statement.

C. Fund Accounting

The Town uses funds to maintain its financial records during the year. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts. The Town employs the use of three categories of funds: governmental, proprietary and fiduciary.

Governmental Fund Types

Governmental funds are those through which most governmental functions typically are financed. Governmental fund reporting focuses on the sources, uses and balances of current financial resources. Expendable assets are assigned to the various governmental funds according to the purposes for which they may or must be used. Current liabilities are assigned to the fund from which they will be paid. The difference between governmental fund assets and deferred outflows of resources, and liabilities and deferred inflows of resources, is reported as fund balance. The following are the Town's major funds:

General Fund – The general fund is the general operating fund of the Town. It is used to account for all financial resources except those required to be accounted for in another fund.

Fiduciary Fund Types

Fiduciary funds account for assets held by the Town in a trustee capacity. Expendable trust funds are used to account for donations received for town related organizations which will be used by those organizations. Non-expendable trust funds are held for investment with the interest only available for cemetery expenditures. The private purpose trust fund held by the Town is an expendable trust fund.

**TOWN OF PERU, MAINE
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2022**

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

D. Measurement Focus

Government-Wide Financial Statements:

The government-wide financial statements are prepared using the economic resources measurement focus. All assets, deferred outflows of resources, liabilities, and deferred inflows of resources associated with the operation of the Town are included on the Statement of Net Position.

Fund Financial Statements

All governmental funds are accounted for using a flow of current financial resources measurement focus. With this measurement focus, only current assets, deferred outflows of resources, current liabilities, and deferred inflows of resources generally are included on the balance sheet. The statement of revenues, expenditures, and changes in fund balances reports on the sources (i.e., revenues and other financing sources) and uses (i.e., expenditures and other financing uses) of current financial resources. This approach differs from the manner in which the governmental activities of the government-wide financial statements are prepared. Governmental fund financial statements therefore include a reconciliation with brief explanations to better identify the relationship between the government-wide statements and the statements for governmental funds.

The fiduciary funds are reported using the economic resources measurement focus.

E. Basis of Accounting

Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements. Government-wide financial statements, proprietary and fiduciary funds are prepared using the accrual basis of accounting. Governmental funds use the modified accrual basis of accounting. Differences in the accrual and the modified accrual basis of accounting arise in the recognition of revenue and in the presentation of expenses versus expenditures.

Revenues – Exchange and Non-Exchange Transactions

Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. On a modified accrual basis, revenue is recorded in the year in which the resources are measurable and become available. Available means that the resources will be collected within the current year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current year. For the Town, available means expected to be received within sixty days of year end.

**TOWN OF PERU, MAINE
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2022**

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Non-exchange transactions, in which the Town receives value without directly giving equal value in return, include property taxes, grants, entitlements and donations. On an accrual basis, revenue from property taxes is recognized in the year for which the taxes are levied. Revenue from grants, entitlements, and donations is recognized in the year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the year when use is first permitted; matching requirements, in which the Town must provide local resources to be used for a specified purpose; and expenditure requirements, in which the resources are provided to the Town on a reimbursement basis. On a modified accrual basis, revenue from non-exchange transactions must also be available before it can be recognized.

Under the modified accrual basis, the following revenue sources are considered to be both measurable and available at year end: property taxes, charges for services, and interest on investments.

Licenses and permits and miscellaneous revenues are recorded as revenues when received in cash because they are generally not measurable until actually received.

Grants and entitlements received before the eligibility requirements are met are recorded as advances from grantors. On governmental fund financial statements, property taxes receivable that will not be collected within the available period have been reported as deferred inflows of resources.

Expenses/Expenditures

On the accrual basis of accounting, expenses are recognized at the time they are incurred. The measurement focus of governmental fund accounting is on decreases in net financial resources (expenditures) rather than expenses. Expenditures are generally recognized in the accounting period in which the related fund liability is incurred, if measurable. Allocations of cost, such as depreciation and amortization are not recognized in governmental funds.

F. Budgets and Budgetary Accounting

Formal budgetary accounting is employed as a management control for the general fund only. Annual operating budgets are adopted each fiscal year by the registered voters of the Town at their annual Town meeting. Budgets are established in accordance with generally accepted accounting principles. Budgetary control is exercised by department heads, town administration and the Select Board. All unencumbered budget appropriations lapse at the end of the year unless specifically designated by the Select Board or required by law.

G. Assets, Liabilities, Fund Equity, Revenue, Expenditures and Expenses

Cash and Cash Equivalents

Cash and cash equivalents include currency on hand, demand deposits with financial institutions, and other accounts with an original maturity of three months or less when purchased. Investments are recorded at fair market value.

TOWN OF PERU, MAINE
NOTES TO FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2022

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Interfund Receivables and Payables

Short-term advances between funds are accounted for in the appropriate interfund receivable and payable accounts.

Compensated Absences

Vacation and sick pay benefits are substantially non-vesting and are not material. Therefore, no liability has been recorded in the financial statements for the year ended June 30, 2022.

Capital Assets and Depreciation

Capital assets, which include property, plant, equipment and infrastructure assets (roads, bridges, sidewalks and similar items), are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the Town as assets with an initial, individual cost of more than \$5,000 and an estimated useful life in excess of one year. Such assets are recorded at historical costs or estimated historical cost if purchased or constructed. Donated capital assets are recorded at their acquisition value as of the date received. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized. Major outlays for capital assets and improvements are capitalized as projects are constructed. Property, plant, and equipment are depreciated using the straight-line method over the following estimated useful lives:

<u>Assets</u>	<u>Years</u>
Buildings and Improvements	20-40
Infrastructure	40
Machinery and Equipment	10-20
Vehicles	10-20

Net Position and Fund Balances

Net position represents the difference between assets and deferred outflows of resources, and liabilities and deferred inflows of resources. Net investment in capital assets consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances on any borrowings used for the acquisition, construction or improvement of those assets. Net position is reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the Town or through external restrictions imposed by creditors, grantors, or laws or regulations of other governments. Unrestricted net position is the residual amount of the assets, deferred outflows of resources, liabilities and deferred inflows of resources that are not included in the determination of net investment in capital assets or the restricted components of net position.

The Town's policy is to first apply restricted resources when an expense is incurred for purposes for which both restricted and unrestricted net position is available.

**TOWN OF PERU, MAINE
NOTES TO FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2022**

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

In the Fund financial statements, governmental funds report reservations of fund balances for amounts that are not available for appropriation or are legally restricted by outside parties for use for a specific purpose. These designations are categorized as follows:

Non-spendable – Funds that are not in spendable form, such as funds that are legally required to be maintained in tact (corpus of a permanent fund).

Restricted – Funds that are restricted for use by an external party, constitutional provision, or enabling legislation.

Committed – Funds that can only be used for specific purposes pursuant to constraints imposed by formal action of the governing body.

Assigned – Funds intended to be used for specific purposes set by the Select Board.

Unassigned – Funds available for any purpose.

When an expenditure is incurred for which both restricted and unrestricted fund balances are available, the Town considers restricted funds to have been spent first.

When expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications can be used, committed amounts should be reduced first, followed by assigned amounts and then unassigned amounts.

Deferred Revenue

Deferred revenue arises when potential revenue does not meet both the “measurable” and “available” criteria for recognition in the current period. Deferred revenue arises when resources are received by the Town before the Town has legal claim to them. In subsequent periods, when both revenue recognition criteria are met or when the Town has a legal claim to the resources, the liability for deferred revenue is removed from the balance sheet and revenue is recognized.

Property Taxes

Property taxes for the current year were committed on September 1, 2021, on the assessed value listed as of April 1, 2021, for all real and personal property located in the Town. Payment of taxes was due September 23, 2021 and February 11, 2022 with interest at 6% on all tax bills unpaid as of the due date.

The Town is permitted by the laws of the State of Maine to levy taxes up to 105% of its net budgeted expenditures for the related fiscal period. The amount raised in excess of 100% is referred to as overlay, and amounted to \$127,607 for the year ended June 30, 2022.

Tax liens are placed on real property within twelve months following the tax commitment date if taxes are delinquent. The Town has the authority to foreclose on property eighteen months after the filing of the lien if tax liens and associated costs remain unpaid.

**TOWN OF PERU, MAINE
NOTES TO FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2022**

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Property taxes levied during the year were recorded as receivables at the time the levy was made. The receivables collected during the year and in the first sixty days following the end of the fiscal year have been recorded as revenues. The remaining receivables have been recorded as deferred revenues.

Risk Management

The Town pays insurance premiums to certain agencies to cover risks that may occur in normal operations. The Town purchases employee fidelity bond coverage. There have been no significant reductions in insurance coverage from the prior year. No settlements of claims have exceeded insurance coverage in the current year.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Estimates are used to determine depreciation expense. Actual results could differ from those estimates.

2. DEPOSITS AND INVESTMENTS

Typically, the Town invests funds in checking accounts, savings accounts, certificates of deposit, and U.S. government obligations (through an investment group owned by a financial institution). From time to time the Town's deposits and investments may be subject to risks, such as the following:

Custodial Credit Risk – Deposits - the risk that in the event of a bank failure, the Town's deposits may not be returned to it. The Town uses only financial institutions that are insured by the FDIC or additional insurance. At June 30, 2022, cash deposits had a carrying value of \$1,348,854, all of which was covered by FDIC or collateralized.

Interest Rate Risk – The Town does not currently have a deposit policy for interest rate risk.

Credit Risk – The Town does not have a formal policy regarding credit risk. Maine statutes authorize the Town to invest in obligations of the U.S. Treasury, and U.S. Agencies and certain bonds, securities and real assets.

Custodial Credit Risk – Investments – the risk that, in the event of failure of the counterparty, the Town will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The Town does not have an investment policy. None of the Town's investments were subject to custodial credit risk.

The Town categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs. All investments held by the Town are Level 1 inputs.

<i>Total accumulated depreciation</i>	<i>(8,074,364)</i>	<i>(318,194)</i>	<i>-</i>	<i>(8,392,558)</i>
Capital assets, net	\$ 4,903,383	\$ (89,663)	\$ -	\$ 4,813,720

Depreciation expense can be allocated to departments as follows:

General government	\$ 1,951
Public safety	25,764
Public works	<u>290,479</u>
	<u>\$ 318,194</u>

4. LONG-TERM OBLIGATIONS

Long-term liability activity for the year ended June 30, 2022, was as follows:

Description	Balance 7/1/21	Additions	(Reductions)	Balance 6/30/22	Due within one year
Notes payable	\$ 97,633	\$ -	\$ (48,816)	\$48,817	\$ 48,817
Capital leases payable	30,648	-	(30,648)	-	-
Total	\$ 128,281	\$ -	\$ (79,464)	\$ 48,817	\$ 48,817

Payments on bonds payable, notes payable and capital leases of the governmental activities are paid out of the General Fund.

**TOWN OF PERU, MAINE
NOTES TO FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2022**

4. LONG-TERM OBLIGATIONS (CONTINUED)

Notes Payable – Direct Borrowings

Notes payable at June 30, 2022 are comprised of the following:

	<u>Interest Rate</u>	<u>Maturity Date</u>	<u>Balance at 6/30/2022</u>	<u>Collateral Pledged</u>
Governmental Activities:				
Franklin Savings Bank	3.5%	12/8/22	<u>\$ 48,817</u>	N/A
Total governmental activities			<u>\$ 48,817</u>	

Notes payable from direct borrowings include provisions that in the event the Town defaults on the note for any reason, the holder may demand immediate payment of all principal and accrued unpaid interest.

Debt service requirements to retire the bonds payable outstanding for governmental activities at June 30, 2022 are as follows:

Year ending June 30,	Principal	Governmental Activities Interest	Total
2023	\$ 48,817	\$ 1,708	\$ 50,525
Total	<u>\$ 48,817</u>	<u>\$ 1,708</u>	<u>\$ 50,525</u>

5. CONTINGENCIES

There may be various claims and suits pending against the Town, which arise in the normal course of the Town's activities. According to Town management, there are no matters that would result in adverse losses, claims, or assessments against the Town through the date of the audit report.

6. SUBSEQUENT EVENTS

Management has made an evaluation of subsequent events to and including the audit report date, which was the date the financial statements were available to be issued, and determined that any subsequent events that would require recognition or disclosure have been considered in the preparation of the financial statements.

Total	<u>\$ 539,351</u>

9. OPEB OBLIGATIONS*Plan Description*

The Town provides health insurance to its employees through Maine Municipal Employees Health Trust (MMEHT). The Town does not provide postemployment or postretirement health benefits, but it is subject to an implicit benefit for its members in MMEHT.

Accounting Policies

The impact of experience gains or losses and assumption changes on the Total OPEB Liability (TOL) are recognized in the OPEB expense over the average expected remaining life of all active and inactive members of the Plan. As of the beginning of the measurement period, this average was 5 years.

TOWN OF PERU, MAINE
NOTES TO FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2022

9. OPEB OBLIGATIONS (CONTINUED)

The table below summarizes the current balances of deferred outflows and deferred inflows of resources along with the net recognition over the next 5 years, and thereafter:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 1,586	\$ 6,454
Changes in assumptions	3,512	1,705
Contributions subsequent to measurement date	-	47
Total	\$ 5,098	\$ 8,206

Amounts reported as deferred outflows and deferred inflows of resources will be recognized in OPEB expense as follows:

Year ended June 30:

2022	(676)
2023	(1,071)
2024	(733)
2025	(732)
2026	151
Thereafter	0

As of January 1, 2022, the plan membership data is comprised of 2 active members with only an implicit benefit.

Key Economic Assumptions:

Measurement date: January 1, 2022
Discount rates: 2.06% per annum for year end 2022 reporting
 2.12% per annum for year end 2021 reporting
Trend assumptions: *Pre-Medicare Medical* – Initial trend of 6.25% applied in FYE 2022 grading over 20 years to 3.53% per annum.
Pre-Medicare Drug – Initial trend of 13.10% applied in FYE 2022 grading over 20 years to 3.53% per annum.
Medicare Medical – Initial trend of 5.00% applied in FYE 2022 grading over 20 years to 3.53% per annum.
Medicare Drug – Initial trend of 9.90% applied in FYE 2022 grading over 20 years to 3.53% per annum.

Administrative and claims expense – 3% per annum.

**TOWN OF PERU, MAINE
NOTES TO FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2022**

9. OPEB OBLIGATIONS (CONTINUED)

Future Plan Changes

It is assumed that the current plan and cost-sharing structure remains in place for all future years.

Demographic Assumptions:

Retiree continuation: Retirees who are current Medicare participants – 100%
Retirees who are Pre-medicare, active participants – 75%
Spouses who are Pre-medicare, spouse is active participant – 50%

Rate of mortality: ased on 112.1% and 118.5% of the 2010 Public General Benefits-Weighted Healthy Retiree Mortality Table, respectively, for males and females. The proposed rates are projected generationally using the RPEC_2020 model, with an ultimate rate of 1.00% for ages 80 and under, grading down to 0.05% at age 95, and further grading down to 0.00% at age 115, along with convergence to the ultimate rates in the year 2027. All other parameters used in the RPEC_2020 model are those included in the published MP-2020 scale. As prescribed by the Trust, mortality rates were taken from the assumptions for the Maine State Retirement Consolidated Plan for Participating Local Districts at June 30, 2021.

Marriage assumptions: A husband is assumed to be 3-years older than his wife.

Assumed rate of retirement: For employees hired prior to July 1, 2014
Age 55-58 – 5%
Age 59-64 – 20%
Age 65-69 - 25%
Age 70+ - 100%
For employees hired after July 1, 2014
Age 55-63 – 5%
Age 64-69 – 20%
Age 70+ - 100%

Salary increases: 2.75% per year

Discount Rate

The discount rate used to measure the TOL was 2.06% based on a measurement date of January 1, 2022. This rate is assumed to be an index rate for 20-year, tax exempt general obligation municipal bonds with an average rating of AA/Aa or higher, for pay as you go plans.

**TOWN OF PERU, MAINE
NOTES TO FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2022**

9. OPEB OBLIGATIONS (CONTINUED)

The following table shows how the net OPEB liability as of June 30, 2022 would change if the discount rate used was one percentage point lower or one percentage point higher than the current rate. The current rate is 2.06%.

1% Decrease 1.06%	Current Rate 2.06%	1% Increase 3.06%
\$ 21,838	\$ 18,921	\$ 16,503

Changes in the healthcare trend affect the measurement of the TOL. Lower healthcare trend rates produce a lower TOL and higher healthcare trend rates produce a higher TOL. The table below shows the sensitivity of the TOL to the healthcare trend rates.

1% Decrease	Healthcare Trend Rates	1% Increase
\$ 16,324	\$ 18,921	\$ 22,072

A 1% decrease in the healthcare trend rate decreases the NOL by approximately 13.7%. A 1% increase in the healthcare trend rate increases the NOL by approximately 16.7%.

General Assistance Notice

The Town of Peru has a General Assistance program for people in need. If you need help, your city or town is **required** to take your application for General Assistance. Applications will be taken at the Town Office building at the following times:

Monday, Tuesday, Thursday, Friday 9:00 a.m. – 4:00 p.m.

We are closed every Wednesday

Your city or town is **required** to have someone available 24-hours a day to take application in an emergency. If this is an **Emergency** and the office is closed:

Contact: Oxford County Sheriff Office **Phone #:** (800)733-1421

Your city or town **must** give you written decision within 24 hours of receiving your application for General Assistance.

If your city or town refuses to take your application, or if you disagree with a decision that was made or have questions, contact:

Maine Department of Health and Human Services toll-free at 1-800-442-6003. This phone is answered Monday – Friday from 8:00 a.m. to 5:00 p.m. If you call after 5:00 pm, leave a message with a phone number; you will be contacted on the next business day.

The Town of Peru has an ordinance describing the rules for the General Assistance program and statutes. You can see a copy of this, as well as the State's General Assistance law in the Town of Peru Select Board Office.

This notice is posted pursuant to Maine law at: Title 22 MRSA Sub Section 4304-4305.

Town of Peru
Incorporated 1821
Bicentennial Celebration
October 02, 2021

**To all the citizens and businesses that donated time
 and money to make this day a success:**
THANK YOU!
